Head Up, Wings Out!

Principal's Message

Foothill Elementary School (FES) is located in a beautiful and spacious setting in the foothills of the Sierra Nevada mountains in the community of Prather, California. As part of the Sierra Unified School District and feeding Sierra Junior and Senior High School, we provide a comprehensive academic program for transitional kindergarten (TK) through sixth grade. Our strong academic program in math, language arts, social studies and science is enhanced by credentialed specialists in physical education, music and art. K-6 students at FES attend physical education, music or art daily, in addition to receiving excellent core academic instruction. Foothill is unique in providing Responsive Extension and Intervention (REI) to students four days a week. REI provides targeted academic instruction to students at their assessed level of performance in language arts and math. Credentialed teachers provided intensive intervention in reading to students who are below grade level. Grade-level teachers provide targeted support and instruction for students approaching or at grade level in math and language arts. And finally, a credentialed teacher provides extended inquiry-based learning for students above grade level in the unique LEAP Lab. Students are assessed, teachers meet and placements are reviewed on a six-week basis. At Foothill Elementary, all means all. All students are learning in all areas, both social-emotional and academic.

In 2011, Auberry Elementary, Sierra Elementary and the sixth-grade students of Foothill Middle School came together on the Foothill campus to form Foothill Elementary School. Our experienced, highly qualified and committed faculty, many of whom have been in education and this community for 20 years or more, provide students a safe classroom experience that builds a sense of belonging. This inspires students to be their Eagle best. Educators at Foothill work collaboratively to build a community between students, families and staff that is second to none.

Education at FES goes beyond the classroom. Students in grades 3-6 have the opportunity to participate in after-school sports and clubs that include spelling bee, pine needle, cross-country, track, flag football, volleyball, basketball and wrestling. Students at Foothill have competed in and been recognized at the county level in both the spelling bee and Peach Blossom oral interpretation. Additionally, an extended day after school program, Resilience and Recovery, is available at 6:30 a.m. and ends at 6:30 p.m. Here, students will be provided academic support through intervention and extension, as well as activities such as yoga, gardening, computer coding, rocket club and karate.

As a mountain community, diversity is an asset. Our students come to school daily on 14 different buses and their families' vehicles from across the mountain. Young scholars from Tollhouse, Auberry, Prather, Shaver and other micro communities come together each day. Our school serves three Native American Rancherias, as well as families living in Fresno, Clovis, Shaver, Pine Ridge and more. As a comprehensive elementary school, we provide services to students with disabilities in a manner that simultaneously individualizes and integrates their education.

We are proud of our reputation as a school where students and families feel comfortable, supported and included. Hence, all students are provided the opportunity to get to know themselves and each other as learners, contributing community members, and empowered and authentic human beings. We know rich learning happens when a variety of ideas, opinions, strengths and challenges come together.

Our school mascot Kwi'na is a golden eagle who embodies being our best in body, intellect and spirit. As a recognized gold-level Positive Behavioral Interventions and Supports (PBIS) school, every day we SOAR: Show respect, On task, Accountable and Responsible. Like Kwi'na, adults and young scholars alike strive to be their Eagle best and have a great day on the Eagle campus. We hope you will come and see for yourself this school on a hill where excellence happens every day.

Principal, Danielle Amundsen

School Mission Statement

Our mission is to inspire, engage, challenge, and support all students to reach their highest level of learning and personal development.

School Vision Statement

Our vision is to be an exemplary, student focused school district that is highly regarded for the competence and character of our students; the rich connection to our mountain community; and the excellence of our people, programs and learning environment.

School Safety

Our school site has a Safe School Plan that is reviewed and updated annually with completion by March. Plans are reviewed with staff annually. The Foothill Elementary School Site Council approves our Safe School Plan. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to maintain a safe, healthful, nurturing and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter-free. Site staff surveys our campus as the first order of business each day. They ensure the campus is clean, any vandalism is corrected, and that the campus is presentable and representative of the priority of the Sierra Unified School Board sets on safety and appearance. This site's Safe School Plan was reviewed with site staff in July 2022.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

Our mission is to inspire, engage, challenge, and support all students to reach their highest level of learning and personal development.

District Vision Statement

Our vision is to be an exemplary, student-focused school district that is highly regarded for the competence and character of our students; the rich connection to our mountain community; and the excellence of our people, programs, and learning environment.

Enrollment by Student Group

The total enrollment at the school was 591 students for the 2021-22 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

Professional Development

All teachers are provided with five full days of professional development districtwide. In addition, late start days (one hour) are provided weekly from September through May for collaboration and additional professional development. Outside professional-development opportunities are available based on our students’ and teachers’ needs. Teachers in Sierra Unified have completed professional-training courses designed to support educational priorities and objectives. Staff development days are designed to provide continuous learning opportunities for administrators, teachers and classified personnel. The district provided a strong base for English language arts implementation over the last few years through professional development focused on academic vocabulary, content reading and writing, as well as thinking maps. The district will continue to provide extensive math training focused on the mathematical strategies and math standards. Additionally, all teachers have been trained and received certificates of completion as positive discipline teachers. New-to-the-profession teachers are also supported through the Beginning Teacher Support and Assessment (BTSA) Induction program. Teachers participating in BTSA receive support from a trained support provider for two years.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Parental Involvement

Foothill Elementary School has a very active Parent Faculty Association (PFA). Our PFA annually sponsors fundraisers, a school carnival, Family Picnic celebration, schoolwide assemblies and several other activities. Efforts have provided funding for computers, classroom materials, field trips, landscaping and playground equipment. We also have parents serving in elected positions on our School Site Council (SSC), who monitor our use of funds and other categorical funds. Meetings are held throughout the year, and all meetings are open to the public. The group Volunteers in Public Service (VIPS) was formed by members of our community to provide all types of volunteers for our school and district. They have helped renovate classrooms, pour concrete, install bulletin boards and sandboxes, as well as other play equipment, and offer classroom support. Please contact our office if you are interested in becoming more involved in our children's education. Parent and guardian volunteers are welcome to participate in the classroom, library and at any PFA activity.

For more information on how to become involved, contact the PFA president Jessica Young (559) 855-3551.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP – California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in ELA and Mathematics for All Students

The table below shows the percent of students meeting or exceeding the State standards on the California Assessment of Student Performance and Progress (CAASPP) Smarter Balanced Summative Assessments and California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics for grades 3-8 and 11.

Percentage of Students Meeting or Exceeding State Standard					Two-Year Data	
	Foothill ES		Sierra USD		California

English language arts/literacy	*	43%	*	46%	*	47%
Mathematics	*	36%	*	31%	*	33%

* This school did not test using the CAASPP for science.

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

Textbooks are selected by content-area teachers who utilize California Department of Education listings and guides to determine materials that adequately cover the Common Core State Standards students are expected to master. Additionally, materials are reviewed to ensure they will provide intervention materials for English learners and special education students, are teacher and student friendly, and will work with the Sierra Unified instructional program.

A thorough review of the programs is conducted with input from staff, including teaching sample lessons from programs being reviewed. Community members are invited to conduct a review of content and then a recommendation is made to the Board of Education. The Sierra Unified District notifies school site councils and publishes the notification in the regular board agenda of the proposed material adoption and displays the materials publicly for review at the site and district office. Public may comment at the board meeting when adoption is scheduled for approval or leave comments with the school site or district office staff.

The Board of Trustees vote to approve materials at a regularly scheduled meeting.

Each fall, the board reviews textbook and instructional material sufficiency. A hearing is publicly announced and is held during a regularly scheduled board meeting. Public comment is invited via an announcement in the newspaper of the meeting and materials sufficiency hearing.

Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the site inspection. Regardless of each item’s repair status, all deficiencies are listed.

Work orders have been generated for all deficiencies. Work orders will be prioritized and assigned as time and/or funding permits.

Deficiencies and Repairs		2022-23 School Year
Items Inspected	Deficiencies and Action Taken or Planned	
Interior	30 deficiencies ranging from evidence of roof leaks, and/or ceiling staining. Flooring hazards, missing tile, warping, and tears. Wall cracks, tears or holes.	
Restrooms/fountains	3 deficiencies ranging from rusted partitions, inoperative and leaking fountains.	
Structural	13 deficiencies due to cracks in stucco expansion joints,	
External	19 deficiencies ranging from damaged window screens, inoperative door, windows, and rusted playground equipment.	

School Facilities

Foothill Elementary was built in 1994 and has been maintained on a regular basis. There are 33 classrooms, a library media center, multipurpose room/cafeteria, gymnasium with two locker rooms, office complex, and vast playground and sports field space.

The school is cleaned on a daily basis, and deep cleaning is scheduled over the summer. There are three night custodians and three who work the day shift. The school is in very good condition overall and no deficiencies were found during our William’s Monitoring Visitation.

Supervision schedules are in place to ensure students are kept safe before, during and after school.

Playgrounds are inspected daily by staff and formally inspected at the end of each trimester by the site principal.

“Our school mascot Kwi’na is a golden eagle who embodies being our best in body, intellect and spirit.”

Types of Services Funded

General State of California funding supports overall services to students. In addition, Sierra Unified School District receives state and federal categorical funds for special programs. Categorical or special funds are provided to Sierra Unified Schools in accordance with the specified criteria of that funding source. Funding, in most instances, is based on attendance.

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 and the 2021-22 school years. This table displays the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district, and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CaSAAS) provided by the Commission on Teacher Credentialing. For information on the CaSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdf201.asp>.

For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1. All data accurate as of January 2023.
