

## **Sandy Bluffs High School Return to School Plan**

In this phase of reopening students will be returning to school five days a week and will be following health protocols and changes to our campus. If a family is not able to return to school or does not desire to return to school with the following protocols, SUSD will be offering Sierra@Home Education as an option.

### Before School Symptoms Check

- Families do a health screening each morning before sending students
  - Health screening guidelines will be provided for each family to follow
  - When in doubt, do not send your student to school
- Teachers will do a verbal health screening when entering the classroom
  - The health screening questions will be posted in each classroom
  - Teachers trained in the screening process
- Protocol in place with the SUSD Nurse if a student begins to display symptoms during the day
  - Please refer to the detailed SUSD plan
- An isolation room is set up in the main office for the student to wait in while family is contacted
- Families are to keep their contact information in Aeries accurate and up to date incase staff needs to have them pick up their student during the day
- Staff and students will be trained in how to self monitor symptoms and at the same time reminded that many people suffer from allergies and seasonal illnesses

### Traveling to and Arriving at Campus

- Masks are required on the bus
  - Students will bring a mask from home, extra masks will be available for those that forgot a mask
- Must ride assigned routed bus only
  - No request for afternoon bus changes
  - Siblings and students of the same residence are required to be seated together.
  - Please refer to SUSD plan for busing
- Students are to wash hands at handwashing stations or sanitize when entering the campus
  - Hand sanitizer will be available in every classroom
  - Student restrooms will be accessible near the classrooms for handwashing
- Rainy day and or heat advisory plan for students who want to go inside
  - Classrooms or the Main office will be available
  - School may be closed due to weather or air quality
- Students then go straight to an open bench or assigned classroom until the first bell
  - Staff will be monitoring the campus and supervising for when reminders for social distancing are needed
  - Rainy day plan for students who want to go inside
    - Assigned classroom or Main office
  - Maintain physical distance of 6 ft on campus
  - It is important that students and staff follow this health guideline and will be reminded when they forget
- Follow the traffic flow of the campus that provides for physical distancing
  - Clearly marked hallways and spacing markers will be placed around the campus

### Classroom

- Sanitize in and sanitize out of each room

- If a student has a sensitivity to hand sanitizer, please call the school so this may be noted and these students will then go to a handwashing station to clean
- Health screen by teacher
  - The health screening questions will be posted in each classroom
  - Teachers trained in the screening process
- Classrooms will follow physical distancing protocols
  - Masks required
- Class size dependent on the square footage of the classroom
  - Most rooms are designated as one of the following: 10 to 15 students to maintain 6 ft of physical space
- Alternative classroom for larger classes
  - Unused classrooms
- Sit at individual desk with physical distancing
  - Designated rooms can use tables and maintain physical distancing
- If students attend classes at Sierra High School, they need to remain separated from SHS students.
  - Classes with multiple grade levels will separate grade levels with assigned seating
- Students are to bring their own supplies to school each day (pencil, notebook, paper...)
  - Specialized supplies will be provided and cleaned between each period (art, lab materials, welding supplies and equipment...)
- Locker rooms follow physical distancing protocols
  - Assign lockers with space between
  - Activities dependent on current health protocols
- 5 minute cleaning period at the end of each class
  - Staff will clean the touch surfaces with products from the recommended list provided by the Health Department
  - Staff will be trained in the use of these products
- Follow the traffic flow of the campus that provides for physical distancing to the next class

#### Restrooms/Offices

- Sanitize in and sanitize out or wash hands
- Scheduled cleaning of touch surfaces during the day by custodial staff
- Physical distancing of office space
  - Masks required

#### Breakfast/Break/Lunch

- Lunch sitting outside in designated areas
  - Areas have sun and shade, tables and grass
  - Activities and equipment based on current health guidelines
- Rainy day or heat advisory plan for students who want to eat inside
  - Classrooms or Main office
- Boxed meals served out of carts

#### Leaving Campus

- Sanitize or wash hands before leaving campus
- Follow the traffic flow of the campus that provides for physical distancing
- Physical distancing while waiting for bus or parent pick up
- Masks required if riding on the bus
- Must ride assigned bus

- No request for afternoon bus changes
- Please refer to SUSD plan for bussing

### Sports and Extracurricular

- Clubs and activities will follow current health guidelines for numbers in attendance and activities based on health guidelines and the Chapter or club guidelines
  - Students who are doing Sierra@Home Education will be eligible to participate
- Shared equipment is dependent on current health guidelines and will be cleaned accordingly
- Sports game schedule set in coordination with CIF
- FFA schedule set in coordination with the State and National FFA Organization
- Music events in coordination with the various county venues that host the events
- No afterschool homework club during phase 3 reopening
  - A virtual homework club will be developed
- No late bus routes during phase 3 reopening
- Activities Director is working with the student body to create fun activities that align with the County Health guidelines
